Waitlist Overview

The Waitlist is used to document an individual who has been assessed/evaluated as needing the level of care provided by the agency but who is awaiting admission due to lack of capacity available or consumer needs. The waitlist and persons on the waitlist are continuously monitored by the agency/location as identified in the agency policies and procedures.

- ❖ A total of 33¹ individuals were placed on the waitlist using the Division of Behavioral Health (DBH) Centralized Data System (CDS). Below are the Primary Funding Source and Waitlist Service Type for individuals on the waitlist.

- ❖ A total² of 10 individuals were in the priority populations for admission to Mental Health (MH) and/or to Substance Use Disorder (SUD) treatment services and programs.
