

October 23, 2023

Tiffany Gressley, Regional Administrator
Region 3 Behavioral Health Authority
4009 6th Ave #65 PO Box 2555
Kearney, NE 68848

Ms. Gressley,

The Division of Behavioral Health (DBH) recently completed the FY23 Region 3 Network Compliance Monitoring process. The DBH appreciates the time and assistance of Region 3 staff in submitting required compliance deliverables by September 30, 2023.

The detailed review of Network Compliance deliverables allowed DBH staff to determine adherence to the FY23 Network Operations Manual, Regional Budget Planning Guidelines, the State to Region Contract, and other guidance documents as applicable.

For the FY23 Network Compliance review, please note the following:

Recommendations:

- 1) None noted.

Commendations:

- 1) DBH found the Regional Committee meeting minutes across program areas conveyed detailed information and provided insightful information about Region efforts.
- 2) The organization and selection of concise records for submission supplied all necessary information in an easy to review format.
- 3) Content regarding Youth Services and the Provider Partner Program (PPP) was found to be satisfactory.
- 4) While the content of the past four fiscal years of Prevention efforts is being assessed separately, appreciation is expressed for the timely submission of materials.

Thank you for the effort taken to submit all Network Compliance information. The efforts of Region 3 staff made the process efficient and informative. If you have questions, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Rebekah Willoughby". The signature is fluid and cursive, with the first name "Rebekah" written in a slightly smaller, more compact script than the last name "Willoughby".

Rebekah Willoughby, MPH
Community Services Administrator
