- Reinvestment Strategies

FY24 Budget Plan Developed to Support our Overarching System Goal...

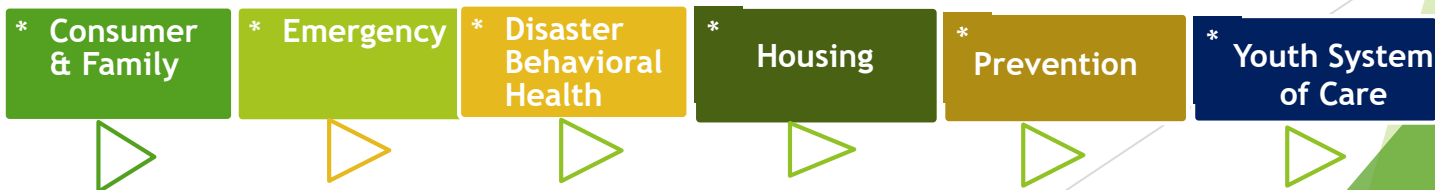

- The FY24 Region 3 Regional Budget Plan was developed to support a *Recovery Oriented System of Care* that supports our mission to foster recovery and resiliency for individuals and their families who experience a behavioral health challenge.
- Region 3 made its behavioral health funding decisions in support of a comprehensive array of services and activities that promote
 - *Resiliency* for children
 - *Promotion of healthy behaviors and attitudes*
 - *Prevention* of problem behaviors across the life span, and
 - *Treat* mental health and substance use disorders to support the recovery of individuals.
 - *Facilitate* community competency, leadership and partnerships.

Region 3 System Priorities

- Implement trauma-informed care throughout the service delivery system.
- Improve the capabilities of Region 3 and Network Providers to better serve individuals with co-occurring disorders - both mental illness and substance use disorders.
- Achieve desired outcomes through the use of evidence-based practices.
- Support, sustain and promote a Recovery Oriented System of Care.
- Manage expenditures by improving effectiveness in serving individuals who utilize high cost behavioral health services.
- Preserve a balanced behavioral health service array.

Network Management and System Coordination Planning

- Network Management and System Coordination assist in the development, implementation and evaluation of services and supports, barriers to effective service delivery, and the identification of strategies to address individual, programmatic and system needs.
- Region 3 System Coordination is accomplished through a well planned strategic strengths-based/recovery-focused process that empowers individuals and communities to achieve positive results.

Network Administration and Management

To effectively and efficiently manage the public behavioral health system in the twenty-two county area of Region 3, the Region maintains the following regional administrative and network management functions:

- Regional Administration
- Fiscal Management
- Network Management and Support
- Contract Management
- Quality Improvement
- Utilization Management
- Consumer Involvement and Advocacy
