Tammy gave a treasurer's report. Nothing changed. The balance is \$8,102.57.

New Business:

More scholarship forms were passed out. Forms were filled out and returned to Tammy.

The group discussed ideas for breakout speakers for the conference. There was much input and ideas were written on the white board. We prioritized our speakers and then took a photo with our phone and will send it to Tammy. Tammy will present these ideas to the planning committee on Friday zoom calls and they will work on getting these people confirmed for the conference.

The group also discussed ideas for resource tables. A list was made on the white board and a photo taken for the planning committee to work on on Friday zoom calls.

Tammy passed out the coalition brochure and asked for input before we send it to the printers for a redesign. The word "consumer" will be replaced with individual or another option that better describes individuals with behavioral health challenges. Some of the 22 counties were not listed on the brochure and it was decided that we would not have people send in their contact information from the brochure. We would list resources instead.

Old Business:

No Old business or announcements.

Meeting adjourned at 11:30am

There will not be a meeting in May as that is when our conference will take place. (May 7th).

Meeting Adjourned.
